

MARIA E OTERO

CREATIVE TECHNOLOGY & DESIGN

(786) 257-9472

meotero.94@gmail.com

Broomfield, CO

PROFESSIONAL SUMMARY

Creative Technology and Design professional with a background in veterinary medicine, customer service, and administrative operations. Experienced in creative problem-solving, visual design, content creation, and the development of user-centered digital and physical experiences. Skilled in Adobe Creative Suite, motion design, prototyping, and interdisciplinary project development. Bringing over five years of veterinary industry experience with a strong understanding of clinical workflows, client communication, and team collaboration.

EXPERIENCE

VRCC Veterinary Hospital & Emergency Services

2021-Current

Cardiology Coordinator

- Coordinate patient appointments, Holter monitor scheduling, and communication between cardiologists, technicians, and pet owners.
- Guide clients through diagnostic procedures, treatment plans, and follow-up care while ensuring an exceptional client experience.
- Manage multiple time-sensitive cases simultaneously in a fast-paced specialty hospital.
- Troubleshoot scheduling and workflow challenges to improve efficiency across the cardiology service.
- Collaborate directly with board-certified veterinary cardiologists to support specialized patient care.
- Contribute real-world clinical insight to the development of innovative veterinary wearable technology through ongoing capstone research.

Country Walk Animal Hospital

2017-2021

Manager

- Delivered compassionate customer service to pet owners from check-in through discharge.
- Scheduled appointments, maintained accurate medical records, and managed a high-volume front desk.
- Assisted veterinarians and technicians by coordinating daily hospital workflow.
- Educated clients on hospital procedures, medications, and preventive care recommendations.
- Maintained accurate billing, payments, and client documentation.
- Built lasting relationships with clients through professional communication and empathy.
